PROFESSIONAL SUMMARY

I design and deliver digital solutions for operations, IT and communication. I translate needs into requirements, architecture and acceptance criteria; I guide AI agents to accelerate implementation while retaining technical review, testing and human validation.

EXPERIENCE

Vesper Equipamentos EX | Junior Process Automation Technician | 2026 - Present

• Designed and rolled out Production Operations, a Windows system for work orders, validated imports, duplicate prevention and factory tracking.

• Define architecture and data contracts; guide AI agents through versioned specifications and review diffs, business rules, tests and security.

• Automated proposals and documents with Python, n8n and APIs; built industrial websites, catalogs and AI-assisted technical content.

VemSer | IT Assistant | 2025

• Provided user support and hands-on assistance with computers and digital tools.

Compass UOL | Practical Data Engineering Internship/Training | Oct/2024 - Mar/2025

• Built a CSV/API, S3/Lambda, Glue/PySpark and Athena pipeline, with an Amazon QuickSight dashboard.

Freelance IT Instructor (since 2024): practical computer and digital productivity lessons.

SELECTED PROJECTS

Belarc Inventory — Co-development of Windows inventory and IT support application.

Field Maintenance — React/FastAPI solution for maintenance orders, QR codes, checklists, evidence and history.

Social Publishing — AI-assisted content workflows, human review, APIs and failure recovery.

Hubora — Web/PWA project presented at Casa Firjan as part of AI and automation training.

SKILLS

Specification-driven development, context engineering, agents/MCP, code review and tests. Python, SQL, React/TypeScript, n8n, Power Automate, APIs, Excel/Power Query, AWS, Git and Docker.

EDUCATION & CREDENTIALS

UNISUAM Technology Degree in Systems Analysis and Development | expected Dec/2026

42 Rio Intensive Piscine: C, Linux, Git (2025)

Credentials Microsoft Applied Skills: Foundry agents, MCP integration and Power Apps. SENAI Casa Firjan: AI Tools, Agents and Automation (40h).

Languages Portuguese native; English intermediate technical reading, basic speaking and writing.
