SUMMARY

I build web products and technical content with AI assistance: interfaces, institutional websites, editing tools and content workflows. I have delivered client and company websites; personal tools remain clearly marked when they are still evolving.

EXPERIENCE

Vesper Equipamentos EX · Junior Process Automation Technician | 2026–present

- Developed the Vesper and Vent Rio institutional websites, organizing product lines, responsive pages and contact paths.
- Produced technical audiovisual content and reviewed specifications, scenes, captions and editing before delivery.
- Tested web navigation on desktop and mobile, integrated services through APIs and fixed issues found in review.

VemSer · IT Assistant | 2025
User and computer support, initial troubleshooting and guidance on digital tools.

Compass UOL · Data Engineering Internship / Practical Training | Oct/2024–Mar/2025
Training pipeline: CSV/API ingestion, AWS S3/Lambda, Glue/PySpark, Athena queries and a QuickSight dashboard.

IT Instructor · Self-employed | since 2024
Practical computer skills and digital productivity lessons.

SELECTED PROJECTS
