SUMMARY

I build systems and automations for operations, support and integrations. My work includes Python, SQL/SQLite, REST APIs, data validation and testing, along with personal automation projects and tools for AI agents.

EXPERIENCE

Vesper Equipamentos EX · Junior Process Automation Technician | 2026–present

- Built and deployed **Production Operations** with Python/PySide6 and SQLite: work orders, validated imports, duplicate prevention, reports and a shared TV view.
- Structured **Field Maintenance** workflows for assets, QR codes, checklists and history; the public demonstration uses fictional data.
- Implemented material search with FastAPI/SQLite, filters and history, including input validation, error handling and business rules.

VemSer · IT Assistant | 2025
User and computer support, initial troubleshooting and guidance on digital tools.

Compass UOL · Data Engineering Internship / Practical Training | Oct/2024–Mar/2025
Training pipeline: CSV/API ingestion, AWS S3/Lambda, Glue/PySpark, Athena queries and a QuickSight dashboard.

IT Instructor · Self-employed | since 2024
Practical computer skills and digital productivity lessons.

SELECTED PROJECTS

Belarc Inventory — Co-developed Windows inventory and support tracking; public screens use fictional data.

ZERO21FOTOS — Client website with event search, gallery links and private tools to update content and import events.

Data Engineering · Compass UOL — Practical training internship with data ingestion, AWS Glue/PySpark, Athena queries and a QuickSight dashboard.

SKILLS

Automation and integration: Python, SQL/SQLite, REST/HTTP APIs, n8n, Excel/Power Query, FastAPI. **Applied AI:** agents, MCP, tool integration and output validation. **Engineering:** testing, Git, Docker, requirements and documentation.

EDUCATION

UNISUAM · Degree in Systems Analysis and Development — expected completion Dec 2026.

42 Rio · Intensive Piscine (2025): problem solving, C, Linux and Git.

Additional training: Microsoft Applied Skills (Foundry agents, MCP and Power Apps); SENAI Casa Firjan — AI Tools, Agents and Automation (40h).

Languages: Portuguese native; English intermediate technical reading, basic writing and speaking.
