github.com/Mayconxzdev · mayconxzdev.github.io · linkedin.com/in/maycon-ferreira-7bb870231

SUMMARY

Develops automations and tools for AI agents using Python, n8n, APIs and MCP to connect documents, data and business workflows. Structures input/output contracts, error handling, tests and human review to make integrations verifiable.

EXPERIENCE

Vesper Equipamentos EX · Junior Process Automation Technician | 2026–present

- Automated document and proposal workflows with field checks, exception handling and output review before delivery.
- Built Python services and HTTP/JSON APIs with SQLite persistence, input validation, logs and post-test corrections.
- Implemented production and field maintenance workflows with history, duplicate prevention and user-driven improvements.

VemSer · IT Assistant | 2025
User support, computer assistance and guidance on digital tools.

Compass UOL · Practical Data Engineering Internship/Training | Oct/2024–Mar/2025
Built a training pipeline using CSV/API, S3/Lambda, Glue/PySpark and Athena, with an Amazon QuickSight dashboard.

Freelance IT Instructor | since 2024
Practical computer and digital productivity lessons.

SELECTED PROJECTS

ArsenalMind — MCP tool catalog for agents, including capability discovery, parameters and execution boundaries.

VideoMind — Local video-editing tools used with another agent for cuts, captions and export; outputs undergo human review.

Mala Direta / Document Translator — On-demand n8n campaign automation and document processing with structure preservation and output review.

SKILLS

Agents and integrations: MCP, tool input/output contracts, REST APIs, webhooks, n8n and LLM APIs. **Development:** Python, Pydantic, SQL/SQLite, Docker, Git. **Controls:** logging, testing, error handling, documentation and human review.

EDUCATION

UNISUAM · Degree in Systems Analysis and Development — expected completion Dec 2026.

42 Rio · Intensive Piscine (2025): problem solving, C, Linux and Git.

Additional training: Microsoft Applied Skills (Foundry agents, MCP and Power Apps); n8n Academy (N8N102/N8N103); Make Academy — AI Agent Builder.

Languages: Portuguese native; English intermediate technical reading, basic writing and speaking.
